DATA SHEET:

	Epico trend 240
Dimension	2400 * 240 * 9,5 mm small proportion of partial lengths allowed
Top layer	ca. 3 mm
Sublayer	HDF 900kg/m³ Emissionclass E1
Weight	7,6 kg/m²
Surface	Oil, matt lacquer & various colours
Slip-resistance	lacquer R10, oil R10, oil, brushed R11
Profile	Tongue/groove V4
Installation	Full-surface bonding
Glueing	PVAc-flue, D3 to DIN EN 204
Underfloorheating	Suitable for hot water underfloor heating
Thermal resitance	0,0504 m² K/W
Fire class	Cfl-S1
Certification	PEFC, ISO 14001, eco-Institut, building supervisory approval, CE
Origin wood (oak)	Europe
Production	Austria
Cleaning and maintenance	According to STÖCKL cleaning and maintenance instructions

GRADING CHARACTERISTICS

style	charakter	Colourline style	Colourline
Calm & elegant grading with low knot content and only small knots	Lively assortment with a modern and rustic look	Calm and elegant grading with low knot content and only small knots	Mixed grading of style and character, reflecting the full range of grading characteristics
Oak is sapwood-free, Nut may contain some sapwood	Natural colour differences in various forms	The surface is colour treated	The surface is colour treated
