DATA SHEET:

	ACTUS XL	ACTUS EMOCION
Dimension	1000 * 90* 8,5/9,5/10 mm small proportion of partial lengths allowed	630 * 90 * 9,5/10 mm small proportion of partial lengths allowed
Top layer	approx. 3/4 mm	approx. 4 mm
Sublayer	HDF 900kg/m³ Emissionclass E1 or spruce	HDF 900kg/m³ Emissionclass E1 or spruce
Weight	7,9/5,6 kg/m²	7,9/5,6 kg/m²
Surface	Sanded or brushed, oil, matt lacquer, Pure & various colours	Sanded or brushed, oil, matt lacquer, Pure & various colours
Slip-resistance	lacquer R10, oil R10, oil, brushed R11	lacquer R10, oil R10, oil brushed R11
Profile	Tongue/groove V4 or not bevelled	Tongue/groove V4 or not bevelled
Installation	Full-surface bonding	Full-surface bonding
Underfloorheating	Suitable for hot water underfloor heating	Suitable for hot water underfloor heating
Thermal resitance	0,0504 m² K/W	0,0504 m² K/W
Fire class	Cfl-S1	Cfl-S1
Certification	PEFC, ISO 14001, eco-Institut, building supervisory approval, CE	PEFC, ISO 14001, eco-Institut, building supervisory approval, CE
Origin wood (oak)	Europe	Europe
Production	Austria	Austria
Cleaning and maintenance	According to STÖCKL cleaning and maintenance instructions	According to STÖCKL cleaning and maintenance instructions

GRADING CHARACTERISTICS

select	design	struktur	ambiente	Colourline
Natural slight colour differences, very plain appearance	Natural colour differences, vivid appearance	Vivid appearance, clear colour & structure differences	Very vivid appearance, clear colour & structure differences	Mixed grading of design & structure, reflecting the full range of grading characteristics
Light fuzz, small dot knots, typical oak mirror	Stronger flader, small knots, small amount of sapwood	Strong flader, small & medium puttied knots, sapwood content	Medium & large puttied knots, sapwood share	The surface is finished in colour

Actus XL

Oak select

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Oak select

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL

Oak design

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Oak design

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Oak struktur

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Oak struktur

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL

Oak ambiente

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Oak ambiente

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Smoked oak design

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Smoked oak design

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL

Oak design, brushed and bevelled

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Oak design, brushed and bevelled

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL

Smoked oak design, brushed and bevelled

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Smoked oak design, brushed and bevelled

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL

Am. walnut design, brushed and bevelled

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion

Am. walnut design, brushed and bevelled

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL Colourline

Oak diamant

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak diamant

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus XL Colourline

Oak saphir

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak saphir

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak calcit

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak calcit

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak kristall (pure)

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak kristall (pure)

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak beryll

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak beryll

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak amber

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak amber

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak chopped

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.

Actus Emocion Colourline

Oak saphir rough sawn

Wood is a natural product. Deviations in colour and structure may occur.
A wood sample can therefore not convey the overall impression of a laid surface.
